This application is in condition for allowance except for the following formal matters:

## Claim Objections

Claims 1, 3-14, 16-19 and 21 are objected to because of the following informalities: as per claims 1, 14 and 19, there is no antecedent basis for "network" and "integrated circuit" to clarify the scope of these terms regarding the claimed invention; as per claims 3-13, 16-18 and 21, there is no antecedent basis for "the rules checker program" because that language was deleted from claim 1, applicant is requested to reenter the proper antecedent basis support in claim 1; and as per claims 3-13, "apparatus" should be changed to --computer-- to reflect the preamble of claim 1. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex* parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
